

## NAGLREITER™ Medical Device Development Organization is partnering with Iridium Consultancy & Technologies to bridge MedTech Start Up expansion to the US Marketplace

February 27, 2020, Miramar, FL – NAGLREITER™ ([www.nmddo.com](http://www.nmddo.com)) is proud to announce a Tel Aviv based partnership with Iridium Consultancy & Technologies aimed to optimally bridge Israeli medical technologies seeking a deeper presence into the US market. “Israel is an amazing cluster of early stage life-science activity and expertise inside a 2-hour radius. Our partnership with Iridium will utilize the NAGLREITER™ ELEVATOR™ service offering as a collaborative model for Israeli technologies seeking a US market presence. We are thrilled in our partnership with Iridium to mutually guide and support these potential partnerships all aimed at winning in the US marketplace”, said Tim Blair, VP of Sales and Marketing at NAGLREITER™.

NAGLREITER™ has many development projects at various points of development. The objective is to build company / project value by developing superior technologies combined with strong business systems and best in class leadership.

Development Organization

NAGLREITER’s unique ELEVATOR™ service objective is to build company / project value by developing superior technologies combined with strong business systems and best in class leadership. With Iridium’s relationships and knowhow in Israel and Asian markets, the partnership brings MedTech innovators deeper value, more efficiencies, and better access to key markets.

*About NAGLREITER™:* NAGLREITER™ Medical Device Development Organization (MDDO) is a trusted partner for concept incubation, design, development, manufacturing, and engineering services within the MedTech industry. NAGLREITER™ prides itself on providing world-class services and employing a uniquely flexible business model to do so. NAGLREITER™’s ‘The Right Path. With You’ business philosophy exemplifies the company’s commitment to partnering with clients in any way they require to yield the best possible outcomes.

Based in the Miami / Ft. Lauderdale area, NAGLREITER™ partners with medical device companies within the U.S. and abroad.

*About Iridium:* Iridium Consultancy & Technologies aims to develop and maintain competitive advantages while enabling clients to win and thrive in increasingly challenging and diverse markets. Iridium is a professional team of Israeli and Chinese partners with international education and experience. Iridium’s unique value proposition is helping your company enter successfully into global markets: smoothly, securely and properly.
